

De-Cluttering Notice Management

Key Challenges !?

- Drafting of bulk notices and tracking their dates.
- Missed deadlines due to scattered Information.
- Lack of consolidated overview
- Duplicity of information.
- No central repository for notices issued in the past and their outcome

Where Technology can help?

- Bulk Drafting through a single dashboard with customizable templates?
- Generate Thousands of Notices with a single click within a few seconds.
- Systematic Workflow and Calender Log along with smarts and email notifications
- Unified Dashboard which gives you a bird's eye view of all your Notices and Approvals
- Ensure uniformity and consistency in managing notices
